

Technical drawing showing two roof trusses. The left truss has a 40° pitch and a height of 4300. The right truss has a 27° pitch, a height of 2700, and a chimney height of 1000. Both are labeled with 'BTP+2.35' at the base.

SEKTION B-B

A black and white architectural sketch of a single-story house. The house features a gabled roof with a chimney on the left side. The front facade has a central entrance with a double door and an arched transom window above it. There are four windows in total: two on the left side and two on the right side of the entrance. The sketch is done in a simple, line-art style.

A hand-drawn architectural sketch of a small, single-story house. The house features a gabled roof with a chimney on the left side. A small front porch with a gabled roof is centered on the facade. The house has a simple, rectangular form with a small window above the porch door. The sketch is rendered in black lines on a white background, with some shading to indicate depth.

A black and white architectural sketch of a single-story house. The house features a gabled roof with a chimney on the right side. The front facade has a central gabled section with an arched window. To the left of the central section are two square windows, and to the right is a door flanked by two square windows. The entire house is clad in vertical siding. The sketch is done in a simple, line-art style.

A black and white architectural sketch of a house. The house features a steep gable roof with a chimney on the ridge. The exterior walls are covered in vertical siding. A small, rectangular window is visible on the right side of the house. The house is set on a flat ground with some low-lying vegetation indicated by simple lines.
